PROFESSIONAL EXPERIENCE AND ACHIEVEMENTS

NEWCASTLE BUILDING SOCIETY March 2026 - Present
Strategic Supplier Relationship Manager

Oversee strategic relationships with critical and material technology and data suppliers, driving improved performance, commercial value for this leading financial services organisation; contribute to technology and data strategy by aligning supplier capabilities to future business objectives.

Key Achievements:

- Increased supplier-driven innovation by integrating product roadmaps and emerging technology insights into enterprise planning.
- Achieved full regulatory and procurement compliance, supporting operational and business reviews.
- Maximised supplier performance against service and delivery metrics in line with KPIs while supporting rollout of targeted improvement plans.
- Mitigated supply chain risk by embedding risk identification, mitigation, and escalation processes.
- Delivered cost savings by monitoring spend, identifying budget variances, and supporting contract renegotiations.
- Enhanced commercial outcomes by supporting negotiation and lifecycle management across key supplier contracts.
- Supported continuous improvement across supplier cycles to cut onboarding and contract renewal time.

NEWCASTLE UNITED May 2023 - March 2026
Enterprise Technology and Digital Solutions Manager

Oversaw strategic development and management of club's Enterprise Technology and Digital Services function while coordinating a diverse technology portfolio within a high-profile Premier League environment; maximised value via technology innovation while leading, motivating, and providing strategic direction to a team of six.

Key Achievements:

- Cut annual application spend £225K via targeted licence rationalisation and supplier consolidation.
- Improved operational resilience by governing risk and compliance across a portfolio of over 200 applications.
- Enabled safe enterprise adoption of Microsoft Copilot; delivered 7,000 hours of productivity gains and enhanced automation.
- Increased service efficiency by implementing digital workflows using Power Automate across the club.
- Informed investment decisions on digital assets having produced reporting and insights for C-suite audiences.
- Managed £2m technology budget; ensured effective resource allocation and cost control alongside finance partners.
- Enhanced stakeholder alignment by acting as trusted technology advisor to directors and business leaders.
- Improved vendor performance and reduced duplication by optimising contracts and managing renewals.
- Reduced instances of shadow IT 20% via portfolio oversight and implementation of controls.
- Supported critical club operations by providing IT event management for matchday and business activities.

AMERICAN GOLF January 2018 - February 2023

National Learning and Development Coach | Regional Compliance Manager | Systems and Process Manager

Enjoyed rapid progression through senior operational, compliance and systems leadership roles; led multi-site systems implementation and process optimisation across a national golf and leisure estate while championing adoption of new systems and processes.

Key Achievements:

- Cut process errors 30% by standardising systems and compliance processes across diverse site formats.
- Supported successful openings of new venues; provided structured onboarding, training, and deployment for 15 site launches.
- Drove 20% improvement in customer throughput by implementing scalable booking and payment technologies.
- Improved supplier relations and achieved cost savings of £275K via procurement efficiencies and contract management.
- Identified and delivered process improvements using commercial and operational data; increased efficiency and control.
- Managed and delivered multiple concurrent projects in line with budgets of up to £100K; met time and quality targets for each implementation.
- Cut compliance risks by introducing consistent procedures and audit controls across operations.
- Embedded a culture of talent retention and development; led training and capability development for 30 staff.
- Enhanced operational consistency across six leisure sites by delivering new EPOS and booking platforms.

EARLY CAREER HIGHLIGHTS

MAPLIN January 2015 - January 2017

Retail Store Manager / Assistant Manager

Managed multi-site retail operations for a national electronics retailer, progressing from Assistant to Store Manager; led teams of up to 15, delivered sales growth, optimised profitability, and instilled high service standards across fast-paced North East stores.

STEINHOFF INTERNATIONAL February 2014 - January 2015

Furniture Sales Consultant

Delivered tailored sales solutions in a busy furniture retail setting. Built strong customer relationships and achieved personal sales targets, driving growth in a competitive market.

Enjoyed earlier highlights in management roles within leading consumer electronics and retail organisations; coordinated store operations while driving sales performance, and leading high-performing teams in fast-paced commercial environments.
